# GLASSINE SOLUTIONS

More than just colorful – Made with 100% natural fibers, our Glassine is attractive, recyclable and compostable, making it perfect for use in food wrapping and a variety of other applications. Differentiate your product and showcase your brand with a custom Glassine solution.

## YOUR ADVANTAGES

- Recyclable and compostable
- Highly closed surface with good porosity
- Heat and grease resistant
- Transparent, opaque and various colored options
- Suitable for rotogravure, offset, flexo and digital printing
- Slip Easy - Wax surface treatment

## SUSTAINABLE GLASSINE SOLUTION

Made with 100% cellulose fiber from sustainable forestry resources, Glatfelter Glassine solutions are recyclable and compostable in accordance with EN 13432 standard. It's available as environmentally friendly bleached (ECF/TCF) and unbleached solutions with wood pulp from FSC® (FSC® C041205) or PEFC (PEFC/04-31-2118) certifications.

# ECHO® GLASSINE YOUR CHOICE FOR VARIOUS APPLICATIONS

Glassine's high transparency and grease resistance come from mechanical processing, not chemical treatment. This makes it tasteless and odorless, ideal for use in food packaging, baking solutions and envelope windows.

## Exceptional color range with ECHO® Col

Package your sweets or be creative with our wide range of colored Glassine. Our standard ECHO® Col product range includes 12 different colors which can be embossed with Linen, Silkworm and Spiderweb or coated with a wax surface treatment (Slip Easy). On special request we can provide further substances and a broad selection of colors.
