TABLE TOP SOLUTIONS

Real fabric feel and maintains integrity when wet - Our highly specialized table top settings provide the quality and customization you need to stand out in your marketplace. They're perfect for use in hotels, restaurants and catering.

YOUR ADVANTAGES

- Full range of industrial compostable white and colors
- Ideal for creative customization with printed artwork and patterns
- Largest selection of color options and embossing patterns
- Perfect for heavy duties applications (e.g. greasy food)
- Soft and strong

SUSTAINABLE TABLE TOP SOLUTION

In addition we are FSC® (FSC® C044059)* and PEFC (PEFC/04-31-1475) certified for supporting responsible forest management worldwide and raw material sourcing. We are ISO 50001 certified for energy efficiency, and we achieved both DIN CERTCO and OK Compost certification through tests at OWS, a recognized and independent third-party laboratory.

ALL IN ONE: FEEL, QUALITY, HYGIENE, SUSTAINABILITY

Glatfelter's airlaid materials offer real fabric feel and strength for placemats, napkins, runners and tablecloths. High hygiene standards. High variety. High sustainability.

Compostability testing standards according to EN 13432

Compostability certification is driven by four key tests and corresponding standards:

- **Biodegradability test**
How well the material breaks down at the chemical level.
- **Disintegration test**
How well the material breaks down into little pieces.
- **Toxicological test**
Quantifies amount of heavy metal contained in the material.
- **Ecotoxicity test**
How well plants grow in compost.
